

San Diego, CA Chapter CA-1F participated September 17, 2010 in the Poway Days Celebration Parade. We had 14 people on 8 bikes and 2 trikes. There were nine Gold Wings and one Valkyrie representing GWRRA.

Our membership wanted to honor the memory of a member that was very dear to us.

Dutch Highwarden (GWRRA member # 019149) was a Marine and a friend that would do anything to help someone in need. As the parade was starting to move in the staging area we realized that The Marine Corp Marching Band was falling in directly behind our last trike. That trike, driven by Dick Long, carried three flags and a sign in memory of our beloved Dutch. The Flags were the United States flag in the center, the Marine Corp. flag and the California State flag.

At the conclusion of the parade, the Marine Corp Marching Band members were gracious enough to let us take their photo with the honor trike.
